

**Rep. Donalds Statement Opposing Biden’s Amendments to the World Health Organization’s International Health Regulations**

May 17, 2022

**WASHINGTON, D.C.** — Today, Rep. Byron Donalds (R-FL) issued the following statement opposing the World Health Organization’s proposed global accord on pandemic prevention.

“The World Health Organization (WHO) is an arm of the Chinese Communist Party (CCP) and should have zero say over any policy related to our nation. The response by the WHO amid the pandemic made it clear that they are a sham organization that prioritizes the needs of our adversaries, not the American people. Any plan by the Biden administration to defer control over our national pandemic response to an international organization in the name of 'pandemic prevention' is an alarming dereliction of duty and against the interest of our country. Any action by President Biden should be in tandem with the Legislative Branch, particularly the United States Senate, under Article II, section 2 of the United States Constitution.”
